Rains likely after 10 December

Bhubaneswar (KCN): Weather God seems unhappy with the farmers of Odisha.

Heavy rainfall is likely after 10 December as per Indian Meteorology Department (IMD) Predictions

So the State Government today advised the farmers to make arrangement to save harvested crops in the wake of IMD Prediction of heavy rainfall in several parts of the State due to formation of low pressure in Bay of Bengal

According to the IMD there is a possibility of rainfall in some parts of coastal Odisha under the influence of a low pressure formed over southeast Bay of Bengal.

The low pressure which was formed over south Andaman Sea and its nearby southeast Bay of Bengal yesterday is expected to turn into a

depression in the next 24 hours, a release by

degree Celsius followed by Phulbani at

the local Met office here said today.

Meanwhile, after a week of fluctuating temperature, most parts of Odisha have again come under the grip of cold wave.

Today hilly zones of Daringbadi in Kandhamal district recorded the lowest temperature at 8.5

10.6, Angul-11.8, Sundargarh-12, Bhawanipatna-12.2 and Koraput-13, said IMD sources.

Temperature in the Capital City has recorded 16.9 degree Celsius, which is going down.

Director, Indian Meteorological Centre, Bhubaneswar,

Sarat Chandra Sahoo said there was a rise in the day and night temperature in most parts of Odisha.

This is due to the influence of a low pressure formed over Bay of Bengal off the Tamil Nadu coast, said Dr.Sahoo.

Now that with the change of wind direction, temperature will fall in most parts of the state as the cold wave has started blowing from the North.

He, however, said the cold wave condition will be felt up to 8 December, after which there would be marginal fall in temperature as the low pressure formed over South Andaman Sea is most likely turn into a depression in the next 24 hours.

Repeated rains during the winter season are creating havoc among the farmers, which are a harassed lot.

Befikre's new song Je T'aime proves French is language of love

After giving us songs to groove on, Befikre filmmakers have released a romantic song with flavours of Paris in it. French is the language of love and this song proves the dictum all over again. The song explores the bond between the characters of Ranveer Singh and Vaani Kapoor, which is shown transforming from a casual relationship into love and commitment.

The lyrics, which have been written by Jaideep Sahni, are poetic, relatable and beautiful. He has penned down all those sweet miseries

that you will experience being in love. The music, which has been given by the very talented duo Vishal- Shekhar, sets you free from the notion that one cannot dance on a romantic number. If you know even a bit of Salsa, you have your moves ready too. Unlike other lovey-dovey songs which made you a bit uncomfortable to dance with your partner, this number will make the entire ambience a bit more romantic. And don't miss the chemistry between Ranveer and Vaani too.

Omar Abdulrahman, arguably Asia's biggest star, was crowned AFC player of the year in a glittering ceremony in his home country of United Arab Emirates.

The left-sided midfielder and winger is the second Emirati to win the trophy in consecutive years and his award was greeted with a huge cheer in the Emirates Palace Hotel in Abu Dhabi.

Dhanlaxmi, god's own bank, said to interest many suitors

KOCHI (KCN) : Dhanlaxmi Bank is one peculiar entity. It's a full-fledged bank that maintains the accounts of Sabarimala and numerous other temple trusts in the country. Yet, its market capitalisation is only Rs 500 crore, and its share price -- with a face value of Rs 10 -- is just Rs 24.

The Thrissur-based private bank, which does business of around Rs 25,000 crore, has been a takeover target for many years with its suitors said to include ICICI Bank, YES Bank and RBL Bank, though they deny any interest.

The recent improvement in results has also increased the bargaining power of the bank. The bank reported a net profit of Rs 6.02 crore in the September quarter, up from a mere Rs 45 lakh in the same quarter last year. Last year, Dhanlaxmi

Bank had reported a net loss of Rs 209.45 crore. "The main attraction of the bank is that it is only worth Rs 500 crore. Though there has been speculation of a possible acquisition by a larger entity, nothing concrete has happened so far. The bank is strong as it has many high quality deposits including those of temple trusts," said Akshay

director of Acumen Capital Market (I) India Limited.

Dhanlaxmi Bank was incorporated in 1927 and has 280 branches. It employs around 2,500 people. The gross NPAs stand at 6.86 per cent and net NPAs 2.52 per cent. "The only way out for Dhanlaxmi Bank is acquisition by a major bank either in the public sec-

Three Made in India drugs recalled in US for not meet manufacturing norms: FDA

In another case, Par Pharmaceutical Inc is recalling a total of 242,304 bottles of Travoprost ophthalmic solution USP in the strength of 0.004 per cent in 2.5 mL and 5 mL bottles,

Likewise, 1,739 bottles of Metformin Hydrochloride Tablets, USP 500 mg, manufactured by Mumbai based Alkem Laboratories are being recalled by distributing firm Ascend Laboratories LLC.

"Reason for recall is presence of foreign tablets/ capsules; report of Amlodipine tablets found in 1000 count bottles of Metformin Hydrochloride Tablets USP," the Enforcement Report said.

This is also a class II recall, USFDA said.

As per the USFDA, a class II recall is initiated in a "situation in which use of or exposure to a violative product may cause temporary or medically reversible adverse health consequences or where the probability of serious adverse health consequences is remote".

GST jurisdiction a difficult issue, hopeful of April roll-out: Arun Jaitley

NEW DELHI (KCN): Pinning hopes on quick resolution of the "difficult issue" of tax jurisdiction with states, Finance Minister Arun Jaitley today said that Goods and Services Tax regime will be rolled out from April next year.

Jaitley said the implementation of GST is bounded by a calendar deadline as the Constitutional Amendment provides that the existing indirect tax regime can continue only till September 16, 2017.

"It (GST jurisdiction) is a difficult issue. But I have always believed that in politics, logjams exist only to be resolved and in this case we have a calendar deadline. We are hoping that all will be resolved and we should be able to implement it by April 1," he said at the Petrotech conference here.

Jaitley said that the Centre and states are working out the mode of tax administration under which a tax payer would be assessed only once and that assessment has to be accepted by both the taxing authorities.

The all powerful

GST Council in their three successive meetings failed to break the deadlock over administrative control on assessees in the new tax regime.

"The Constitutional Amendment

future," he said.

As per the GST Constitution Amendment Bill, which was notified on September 17, 2016, the government is required to complete the process of implementation of

work out a middle path.

The finalisation of these laws will pave the way for introduction of GST legislations in the ongoing Winter Session of Parliament, which

passed earlier this year says that the old taxation system can only be continued for a year. And that is one year from September 16, 2016. So from September 16, 2017, with regard to the old taxation system, the curtains will be down and the constitutional necessity of switching over to a new system does arise," Jaitley said.

"This issue of empowerment, which is essentially an administrative issue, is not a very impossible issue to resolve. I am quite certain would get resolved in near

GST within a year.

Jaitley said most of the issues as far as GST is concerned has been sorted out and the final drafts of legislations are being discussed.

The GST Council, which has Union Finance Minister and state representatives as members, met last weekend to discuss the tax jurisdiction, the model GST law, Integrated GST (IGST) law and compensation law. But consensus eluded the meet.

The Council will meet again on December 11 and 12 to

ends on December 16.

In November, the Council agreed on a four-slab structure -- 5, 12, 18 and 28 per cent -- along with a cess on luxury and 'sin' goods such as tobacco. States like West Bengal, Kerala, Uttarakhand, Uttar Pradesh and Tamil Nadu have insisted on exclusive control over small taxpayers, who earn less than Rs 1.5 crore in annual revenue, for both goods and services. But Centre is reluctant to divide the assessment on the basis of turnover.

Putting all the confusion regarding India's opening pair for the Mumbai Test to rest, India captain Virat Kohli said that Murali Vijay and KL Rahul, who is returning to the side after an injury, will be the openers in the fourth Test against Mumbai at the Wankhede stadium which begins on Thursday.

Speaking at the pre-match presser, Kohli stressed that the two batsmen are not used to batting at any other positions than the opening slots and they will con-

tinue to bat the same spot even though Parthiv Patel, who opened in the last match in place of Rahul, scored an unbeaten half-century in Mohali.

"There is no doubt that Rahul and Vijay will be opening the batting for us. These two are batsmen who have not batted at any other positions. They will continue to be our specialist openers for the Mumbai Test," Kohli said.

Rahul returns to the team after missing out on the third Test, which India won in Mohali, due to an injury he exaggerated in the Vizag Test. He had earlier suffered a hamstring injury during the New Zealand series which forced him to miss the last two Tests of the that series and the first Test of the England series.

"We did not ask for the break. It was part of the schedule. It was good as we could reflect on the two games that we won. I think it is going to benefit the team. It is important we get breaks. Between the series you cannot completely switch-off while on the break. You have to keep thinking about what you can do. As a captain you have to think what combinations you can play, how will the wicket play but this not be too much. It is important to enjoy life away from your profession," he said.

"In our country it is seen with a different perspective. We have to focus on only cricket. But as an individual you have to decide how much stress you want to take mentally. After all, your performance depends on yourself.

on Wednesday evening as Kohli said that they will assess how he is feeling with his knee.

"After the Mohali Test, Shami felt bit of soreness in his knee. We need to take a collective call on that. He has had a history of knee sur-

to push him and lose him for the complete season," he said.

Kohli also spoke about the lack of form of Vijay and middle-order batsman Ajinkya Rahane. The captain defended the two batsmen, calling them "solid".

"As far as Vijay

cerned, both are solid batsmen and Vijay even got a century in the first Test. I also didn't have scores too be proud of in the New Zealand series so Rahane covered up. It is all about covering up for the other batsmen and this is how we play," Kohli

After the century in the first Test, Vijay has made only 63 runs in the five innings he has batted. He has also been troubled by the rising ball which England used to dismiss him in the Mohali Test.

Rahane, who scored a century in

New Zealand in Indore, has also scored only 63 runs in the five innings he has batted in the three Tests against England.

The Test will begin after an eight-day gap after the third Test and Kohli feels that this gap will ben-
