

# Odisha CM Congratulates Indian Men's Hockey Team On Achieving Historic Gold Medal At Asian Games

CM Naveen Patnaik Announces Rs 5 lakhs each for the players and support staff

**Bhubaneswar(KCN):** Congratulating the Indian Men's Hockey India for their historic Gold Medal at the 19th Asian Games in Hangzhou, Chief Minister Naveen Patnaik today announced cash award of Rs 5 lakh each for players and support staff of the victorious team, in recognition of their stellar performance to win the coveted Gold and seal a berth for Paris Olympics 2024. They convincingly beat defending champions Japan 5-1 in the Final. Chief Minister spoke to the Indian team over

video call after the medal ceremony. The team was ecstatic to receive the personal congratulations from the Chief Minister. CM Naveen Patnaik said, "My heartiest congratulations to the victorious Indian Men's Hockey Team. Their

unwavering dedication and hard work have once again proven that Hockey is truly India's game, embodying our nation's unyielding spirit. In Odisha, where Hockey holds a special place in our hearts, this historic day will forever be etched in our

memories as a momentous triumph for our beloved sport and our nation. I wish the Indian Team the very best as they prepare for the Paris Olympic Games next year." Secretary to CM (ST) V K Pandian congratulated the Indian team and said

that they played like champions throughout the tournament and deserved the Gold medal. Secretary Sports Vineel Krishna was also present on the occasion and congratulated the Indian team. India's triumph ends a nine-year-long wait to finish on the top at the prestigious quadrennial event. In 2014, India had beaten nemesis Pakistan to win Gold. Odisha is the sponsor for the Indian hockey teams since 2018 and has been supporting the teams through major tournaments including Two World Cups.

# State Cooperative Bank, OAIC Pay Dividends To Odisha Govt

**Bhubaneswar(KCN):** State Cooperative Bank under the Cooperation Department and Odisha Agriculture Industries Corporation Limited under the Department of Agriculture and Farmers Empowerment have paid dividends to the state government. Chief Minister Naveen Patnaik received the cheques at Naveen Niwas on Friday. On behalf of the State Cooperative Bank, a cheque of Rs 9.75 crore

for the financial year 2021-22 and 2022-23 was presented to the chief minister by the departmental minister Atanu Sabyasachi Nayak. The Commissioner-cum-Secretary of the Cooperation Department Mr Arvind Agarwal and the Chairman of State Cooperative Bank Mr T. Prasad Rao Dora were present. Similarly, the Odisha Agricultural Industry Corporation paid Rs 5.62

crore for the 2020-21 and 2021-22 financial years. It is worth noting that the Odisha Agriculture Industry Corporation has been paying its dividends to the state government since 2015-16. Debasish Mohanty, Chairman of OAIC presented the cheque to the Chief Minister. The Director of Agriculture and Managing Director of the Corporation Mr Premchand Chowdhury and other officials were present.

# Withdrawal Of Monsoon From Odisha In Next 2-3 Days: IMD

**Bhubaneswar(KCN):** Conditions are favourable for the withdrawal of southwest monsoon from several parts of the country including Odisha, informed the India Meteorological Department (IMD) on Friday. As per the IMD, the southwest monsoon is likely to withdraw from the remaining parts of East Uttar Pradesh, East Madhya Pradesh; some parts of Bihar, Jharkhand, Odisha, Chhattisgarh, Telangana; and some more parts of Maharashtra and Central Arabian Sea during the next 2-3 days. Today, the southwest monsoon has withdrawn from the remaining parts of Jammu-Kashmir-Ladakh-Gilgit-Baltistan-Muzaffarabad, Himachal Pradesh, Uttarakhand, West Uttar Pradesh, West Madhya Pradesh and Gujarat.

# ST Secretary Visits Puri; Makes On-Field Iconic Parikrama Project Review At Wee Hours

**Bhubaneswar(KCN):** Secretary to CM (ST) VK Pandian today visited Puri Jagannath Temple early in the morning and reviewed Shri Jagannath Parikrama Prakalpa. He made field visits to different project sites at crack of the dawn from 4 AM and continued his on-field review till 7 AM. During the review, Secretary (ST) directed officials and agencies to complete iconic Parikrama Project by December-2023

# "I Consider INDIA Bloc A Real Challenge Because...": Union Minister

**New Delhi(KCN):** The opposition INDIA bloc is a "real challenge", Union Minister and senior BJP leader Dharmendra Pradhan said on Friday, adding he has requested his party to allow him to contest the 2024 Lok Sabha elections from his home state Odisha. In an interview with PTI, Pradhan, who is a Rajya Sabha member, said the BJP's agenda is to ensure that Prime Minister Narendra Modi gets to serve the nation for a third term. "I consider it (INDIA bloc) as a real challenge because the BJP and the NDA do not take any election casually. From ground workers to top leaders, everybody takes each election very seriously and the prime minister leads us from the front," he said. On his wish to fight the Lok Sabha elections, he said, "I have already informed the party about my wish and have

requested it to give me a chance. The BJP's agenda is to ensure that Prime Minister Narendra Modi gets to serve the nation for a third term." Speaking about the women's reservation bill, Mr Pradhan said Prime Minister Modi has set an example by giving political rights to the country's mothers and sisters. "The Congress let the women's reservation bill lapse and did not

show any dedication to it during its rule. Nobody had held their hands. They had the opportunity (to get the bill passed) but they did not do it," he said. Mr Pradhan attacked Congress leader Rahul Gandhi over his demand for a nationwide caste census, saying he and his "family party" should share details of the work they did for the OBCs and weaker sections in the last 75 years.

# Cyclone Preparation Starts In Odisha

**Bhubaneswar(KCN):** Odisha government has already started preparations to tackle any cyclone-like situation in the coming days, specifically October. Keeping the cyclone in view, a preparatory meeting under the chairmanship of Chief Secretary Pradeep Kumar Jena was convened at Lok Seva Bhawan in Bhubaneswar on Thursday. Laying emphasis on cooperation and coordination, the Chief

Secretary directed all the concerned departments to keep their powder dry and ensure all the arrangements are in place. The meeting was attended by the

development commissioner, SRC, additional chief secretary of the Energy Department, DG of the Fire department and secretaries of as many as 12 departments.

# Odisha Demands Chopper

**New Delhi(KCN):** The State Government has demanded a dedicated helicopter from Centre for movement of the security forces during anti-Maoist operations and to respond to exigencies in the context of Left Wing Extremism (LWE) Menace. The State Government has raised this demand at the National level meeting on LWE held under the chairmanship of Union Home Minister Amit Shah here on 6 October. Minister Finance, Bikram Keshari Arukha participated in this meeting on behalf of Chief Minister Naveen Patnaik. Chief Secretary Pradeep Kumar Jena and DG Police Sunil Kumar Bansal also attended this meeting. "A dedicated helicopter may please be provided to the State as Uninterrupted

Helicopter service is a critical requirement for the security forces for movement of troops, maintenance of forward posts and to respond to exigencies in the context of LWE conflict," Shri Arukha said. The Minister also sought urgent attention of the Centre for early installation of mobile towers under different Mobile Connectivity Schemes. Shri Arukha in his speech expressed that Left Wing Extremism is a grave internal security challenge to the nation. Under the strong leadership of Chief Minister Naveen Patnaik, Odisha has achieved significant success in combating Left Wing Extremism menace, he said. Well calibrated security response backed by focused developmental interventions and

people-centric policies of the government have brought about remarkable transformation in the situation in most of the affected areas. The areas of influence of CPI

(Maoist) have shrunk from a high of twenty-one districts to limited pockets of ten districts, intensity of violence has declined and mass support base and recruitment of local cadres to the outfit have

dwindled, he pointed out. "It is a matter of great satisfaction that the areas, which have been cleared up of extremism, have witnessed significant transformation due to pro-active

developmental initiatives and people centric policies," Shri Arukha said. Citing the transformation of Swabhimani Anchal of Malkangiri district, he said, the area which was a bastion of Maoists for decades, has been brought under complete control and dominance of security forces. The area has integrated with the socio-economic-political mainstream by remarkable progress in every sphere of development. The construction of Gurupriya Bridge and implementation of 'SETU' (Social Economic Transformation and Upliftment) Scheme has worked wonders in bringing visible transformation in the life and livelihood of the people living in this area, the Minister said. He informed that

more than 7000 smart phones have been distributed to the students of the area to facilitate study. For better health care, the ambulance fleet and paramedics have been expanded and boat ambulances and water ambulances have been introduced. In some pockets in Kandhamal district, medicines are being distributed through drones. Under Mukhyamantri Bayu Yojana, super specialist doctors are deputed to different areas for providing improved health care to the people. Also, initiatives for skill development and women empowerment have paid rich dividends, he stated, adding, women are provided with soft loans to set up enterprises. These steps have significantly weakened the support towards CPI

(Maoist) outfits. "The State of Odisha reiterates its stand to pursue the strategy of pro-active security response and holistic development of tribal areas to address this problem in a meaningful manner," he committed. The State Government will continue to work in close coordination with the Central Agencies and neighbouring States to eliminate this menace, Shri Arukha expressed. Union Home Minister Shri Shah expressed satisfaction over the measures taken by Odisha Government to curb Naxal menace. He assured that all assistance will be provided to the State and all-out efforts will be undertaken by the Government to root out left wing extremism from the country in the coming years.

# 20 Researchers from KIIT Featured in Stanford University's List of World's 2% Top Scientists

**Bhubaneswar, (KCN):** KIIT-DU once again proved that it is home to some of the best minds in the field of science and technology. Stanford University's latest published database about the 'World's Top 2% Scientist' features 20 names from KIIT and its constituent units. The list represents the top two percent of the most-cited scientists in various disciplines and highlights their achievements. The ten

names from KIIT include Padma Awardee Dr. Subrat Kumar Acharya; Dr. Yogesh Chawla and Eminent Gastroenterologist Dr. Anil C Anand from the School of Medicine also features in the list that was updated recently. The other names in the famed list include Suresh Chandra Satapathy, Siddharth Swarup Rautaray, Sushruta Mishra, Tarasankar Pal, Swarup Kumar Nayak,

Purna Chandra Mishra, Vikas Hassija, Kshirod K Jena, Hrudaya Kumar Tripathy, Ashok Kumar Sahoo, Dindyal Mandal, Trupti Mayee Behera, Bhargav Appasani, Rabindra K Barik, Mona Pathak, Ashish Singh and Chandan Mohanty. "I am happy to learn that 20 members from the KIIT family have been featured among the World's Top 2 Percent Scientists List curated by Stanford University. The faculty members are from various scientific fields and we are proud of their achievements. My heartiest congratulations to them all" said the Founder of KIIT & KISS Dr. Achyuta Samanta. The list is considered the most prestigious worldwide, comprising more than 1.85 lakh researchers from more than 8 million scientists covering 22 scientific fields and 176 subfields.

## THE MAHATMA CREATIVE LITERARY FESTIVAL CELEBRATED.

**Cuttack(KCN):** The Mahatma Insightful Creative Literary Festival has been organized at Biren Mitra Women's College on behalf of Kaivalya Sahitya Sansad. Pediatrician Prof. Niranjana Parida attended as the Chief Guest on the occasion. He expressed that there can be administrative reforms in the ideals of Mahatma

Gandhi. As the keynote speaker, Reader Jhanshi Mishra commented that Mahatma was the best social reformer in the world. Pandit Nilakantha Raut presided over the programme. As distinguished and honored guest Dr. Aditya Pratap Dhal, Editor Utkala Sahitya Samaj, Essayist Meera Beura, Poet Sucheta Nand, Senior Columnists

Lalitendu Palauri, Chittaranjan Parida, Pankajini Parida and Subhabrat Mohapatra joined in and thoroughly highlighted Mahatma Gandhi's guidance for the student society. Poet Survi Dwivedi conducted the whole programme. The students of Sri Maa Saraswati Shishumandir gave a speech on the role of Greatmen in social

change. The Poets recited poems related to Mahatma. The founder and Editor of the Kaivalya Sahitya Sansad Dr. Sangram Keshori Samantray read the editorial. More than a hundred students were awarded the Mahatma Jyoti Pratibha Award and more than fifty literary creayors were awarded the Mahatma Jyoti Saraswat Award. In this programme, the pictures of Mahatma Gandhi drawn by the students were displayed. More than 100 students participated in this art exhibition. Sasmita Patnaik, Itishree Pati, Jan Ranjan Pradhan, Namita Mohanty, Jhumuri Sahu, Loknath Sethi, and Rajat Kumar Barik stayed and assisted programme till end.

## IRB constable passes away

**SUBARNAPUR (KCN):** Indian Reserve Battalion (IRB) constable Sachin Kumar Sahu passed away at the age of 34. After this news was broadcast, the shadow of mourning was played across the town along with Sonepur Majhipada .Sachin has been undergoing treatment for jaundice in Burla Medical and Cuttack SCB Medical College for 20 days and passed away this morning. Mr. Sahu joined the Indian Reserve Battalion in Rourkela from 2009 and is now stationed in Deogarh district serving the country and motherland. Today, a

mournful atmosphere was created when Sachin's body arrived at Sonepur Majhipada resident. Members of Ramadhun Club and more than 500 people from the town paid their last respects to Sachin's body and took it to the

Rameshwar Cemetery Ghat in a huge procession. It has been reported that Sachin has a two-year-old daughter. Today, when Sachin's last rites were performed at Rameshwar Smashan Ghat, father Pradeep

Sahu offered his son's funeral pyre. Many dignitaries of the town , including former Chairman Kairu Swain,district planning board members Piyush Panda, Bikas Panda, Jagat Bandhu Tripathy, Hari Sahu, senior journalist Manoranjan Tripathy, joined Sen's reform efforts. However, late Sachin Ramadhun was renowned as one of the best goalkeepers of the football team and played a major role in leading the team to many championships in the state. Ramadhun was a disciplined member of the club and involved in all activities.

## The poor are not getting houses in the PMAY Scheme

**SUBARNAPUR(KCN):** Government is providing houses under the housing scheme in. but many people are accused of not getting houses. In Malpada village under Ghantapada Panchayat, Kantamal block of Boudh district. Beneficiaries who are deprived of shelter are living in broken huts. Some such scenes can be seen in Malpada village. Gokula Rana living in this village was ordered by the administration to house them in 2020/2021. When the wall was raised after taking loan loan due to administrative error He has complained that he

has not received money for the house for three

years, but his money has gone to someone else's

account, and the house is lying in ruins.

## Varun Tej, Manushi Chhillar-Starrer Air Force Action Film Makers Drop Big Update

The suspense will soon be over as the title for India's biggest Air Force action film will be unveiled tomorrow. The Hindi-Telugu film, also stars Manushi Chhillar as a radar officer. VT 13, inspired by true events, will take us through the biggest and the most deadly attacks witnessed by India and the victory of our Indian Air Force over their enemies by demonstrating strong courage to protect their country.

The highly anticipated film is produced by Sony Pictures International Productions and Sandeep Mudda under Renaissance Pictures, co-produced by Nandakumar Abhineni and God Bless Entertainment and is written by Shakti Pratap Singh Hada, Aamir Khan and Siddharth Raj Kumar.

## Shah Rukh Khan's Jawan Becomes First Film To Cross USD 16 Million At Box Office In UAE

It's almost a month since Shah Rukh Khan's action-entertainer 'Jawan' has been released but its craze among the audience doesn't seem to settle down at any cost. One after the other, the film is creating new records at the Box Office not just in India but also across the world. Having set its strong feet in different parts of the world, 'Jawan' has now made a distinctive mark in the UAE market as well, as the film has emerged as the #1 Indian film in the Middle East with its phenomenal collection figures.

Talking about the same, Nelson D'Souza, Vice President International Distribution, said, 'Jawan' has been received

exceptionally well in international markets and continues to perform exceptionally well, becoming the first Indian film to cross USD 16 Million in the Middle East and emerging as the #1 Indian Film while raking in an outstanding 44.43 million in overseas till

date. There is nothing quite like this we have seen before and we are now looking forward to even more exciting times ahead with Dunki! - Nelson D'Souza, Vice President, International Distribution 'Jawan' is spreading its magic in the UAE market.

The film has become the first film to cross the whopping collection of USD 16 Million and has made it the #1 Indian film in the Middle East. Well, among many, this is indeed yet another example of its success and the unprecedented love that the film is receiving from the audience. Well, as we see, Jawan is constantly on the rise, it would be interesting to see how the film will create more records in the future. 'Jawan' is a Red Chillies Entertainment presentation directed by Atlee, produced by Gauri Khan, and co-produced by Gaurav Verma. The film was released worldwide in theaters on September 7th, 2023, in Hindi, Tamil, and Telugu.

## Prime Video's Maitri: Female First Collective Hosts Its First Session In Chennai

Prime Video released the latest session of 'Maitri: Female First Collective', hosting its maiden discussion in Chennai. Launched last year, the collective is an endeavour to create a safe space where women from the Indian media and entertainment industry can come together to discuss their experiences, challenges and successes, and offer their perspective on bringing about a positive shift.

The session featured 8 eminent women from India's various entertainment industries, ranging from award-winning prolific actors who have worked across languages like Malavika Mohanan, Aishwarya Rajesh and Madhoo, to women who have left an indelible mark behind the camera, like creator, writer, showrunner & producer Reshma Ghatala, writer & director Swathi

Raghuraaman, and cinematographer Yamini Yagnamurthy, in addition to Aparna Purohit, creator - Maitri & head of India Originals, Prime Video, and Smriti Kiran, creator and curator of Maitri & founder, Polka Dots LightBox. Sharing personal anecdotes, the participants discussed the existing gender dynamics in the film industry, the challenges faced by female professionals, including stereotyping, colourism,

ageism, and much more. Surprisingly, the women noted how the issues were similar irrespective of whether they worked in front of the camera or behind it, or whether they worked in production or corporate roles. The core discussion also touched upon the true essence of feminism and empowerment, what gender-equality really means for the trailblazers gathered in the room. An interesting insight that was shared by all was

that true equality can be achieved when the industry stops tagging a particular role, a narrative or a job as woman-oriented or male-oriented. The group as a whole agreed that age-old conditioning often restricts the personal and professional growth potential of women, and can be changed only if it is internalized in one's home and social environment. The interaction also highlighted the critical role that streaming was

playing in improving female representation, creating new opportunities for actors, regardless of their age, body size, or skin colour, and for creators to tell all kinds of unique stories. "Equitable representation opens up a new world for young girls to draw inspiration from, making it all the more important to have women in positions of influence, where they can provide a platform for newer voices and open up doors for more women," said Aparna Purohit, creator - Maitri & head of India Originals, Prime Video. "However, we know that change is a gradual process. It is, therefore, important for us to continue having these discussions across the country, and we are thrilled to have hosted our first session in Chennai. Even though it is only a year old, Maitri has managed to drive change in the right direction. It is heartening to see people

having a conversation about diversity, equity and inclusion when writing or planning their projects." Speaking about the need to have such conversations frequently, Smriti Kiran, creator & curator of Maitri and founder, Polka Dots LightBox said, "There is an undeniable need for spaces where women can voice their stories without any fear. Creating an environment that allows women to share their experiences without judgement is the first step in enabling any change, whether it is in the industry or society. This is precisely why we have to keep the conversation going relentlessly. Thrilled that Maitri is in Chennai today, tomorrow it will be in another part of India. We will continue to connect women across sections and states through conversation and collaboration."

## Prabhas, Deepika Padukone's Project K To Create History, To Be First Indian Film To Debut At San Diego Comic-Con

There's good news for Bollywood lovers who have been waiting for a long to get an update on Amitabh Bachchan, Deepika Padukone, Kamal Haasan and Prabhas-starrer 'Project K'. According to Variety, The hugely-anticipated Indian big-budget sci-fi film will unveil exclusive footage in the presence of talent at the San Diego Comic-Con (SDCC). Kicking off the SDCC celebration, Vyjayanthi Movies will offer fans a look at the film as part of an opening night party on July 19. On July 20, the film's

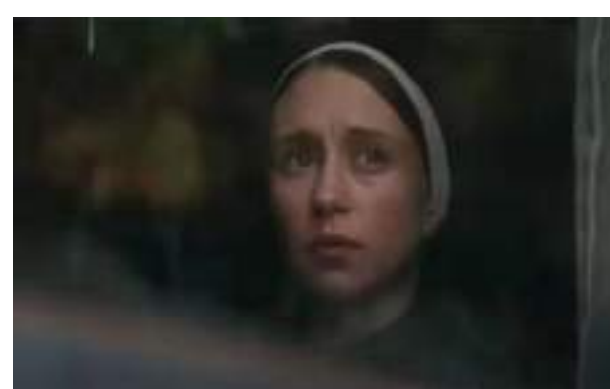

team will host a panel titled "This is Project K: First Glimpse of India's Mytho-Sci-fi Epic" with Deepika, Prabhas and Haasan during which the film's full title, teaser trailer and release date will be revealed, Variety reported. Interestingly, the stars will also feature in a performance on SDCC's largest stage. "This exclusive event will transport guests into India's most ambitious cinematic universe yet with their captivating storytelling, futuristic setting, and 'Spice Punk' aesthetic inspired by the film," the producers said

in a statement.

Director Ashwin also expressed excitement. He said, "We are thrilled to present 'Project K's' debut at San Diego Comic-Con. India's storytelling tradition has ancient roots, with its epics serving as the origins for many civilizations worldwide. A world as big as this needs a platform as big to introduce it to the people. Comic-Con felt like the perfect place, where the honesty and enthusiasm needed for 'Project K' will be found."

## The Nun 2 Trailer Teases Returns Of 'The Conjuring' Universe

The makers of 'The Nun' are all set to come up with the film's sequel. On Thursday, they unveiled the film's trailer and it has definitely left fans excited. The sequel, which is headlined by Taissa Farmiga, is set to be out on September 8. As per Variety, the film begins in 1956 after a priest is viciously murdered in France. According to the film's official logline, 'The Nun 2' follows Sister Irene (Farmiga) as she once again comes face to face with the demonic Valak. Farmiga returns alongside Bonnie Aarons and Jonas Bloquet who will reprise their roles as Valak and Maurice "Frenchie," respectively. "The Nun 2" will introduce new additions to the "Conjuring" universe, including Katelyn Rose Downey as Sophie, Anna Popplewell as Marcella and Storm Reid as an

unknown new character. The USD 2 billion franchise began in 2013, with the original "The Conjuring" film, starring Patrick Wilson and Taissa Farmiga's older sister, Vera Farmiga. The original film was inspired by paranormal investigators Ed and Lorraine Warren's nonfiction book, "The Amityville Horror." "The Conjuring's" first spinoff "Annabelle" premiered in 2014. Soon after, "The Conjuring 2" was released in 2016, "Annabelle: Creation" in 2017 and then the second

spinoff, "The Nun" in 2018. Since "The Nun," the "Conjuring" universe has released "The Curse of La Llorona," "Annabelle Comes Home" and "The Conjuring: The Devil Made Me Do It." Directed by "The Conjuring: The Devil Made Me Do It's" Michael Chaves, "The Nun 2" was written by "M3GAN" screenwriter Akela Cooper and "Fear the Walking Dead" screenwriters Ian Goldberg and Richard Naing.

# Determined exertions made Madhya Pradesh a surplus state in power sector

Prof. Sunil Goyal

The state government of Madhya Pradesh is determined to ensure smooth power supply in the state. Due to the exertions made in the last years to increase the power availability, the state of Madhya Pradesh has become a surplus state in the power sector. As a result of the exertions made in the last years to increase the availability of electricity, the state of Madhya Pradesh has become fully self-sufficient in the field of electricity. At present, the available power capacity of the state is 22 thousand 730 megawatts. In the Madhya Pradesh, power is being supplied for 24 hours to all non-agricultural consumers including industrial, commercial and to agricultural consumers for about 10 hours. During the year 2022-23, the transmission companies has

completed the works of 239 circuit KM transmission lines and 3091 MVA capacity ultra-high pressure sub-station, which include 6 new ultra-high pressure sub-stations. Along with this, 371 km 33 KV line, 834 km 11 KV line, 31 new 33 KV sub-stations, 85 power transformers and 2405 distribution transformers has been set up in various schemes by the distribution companies. Smooth utilisation of new and renewable energy sources has been ensured by completing the construction work of 12 ultra-high pressure sub-stations and 46 ultra-high-pressure lines in the Green Energy Corridor in the Roadmap-2023 of self-reliant Madhya Pradesh. In the first phase, in-house testing laboratories have been set up at Jabalpur, Bhopal, Indore, Ujjain and Gwalior to improve the quality of transformers, meters, cables etc. used in distribution infrastructure. In the second phase, the process of setting up laboratories in Satna, Chhindwara, Sagar

Guna and Barwah has been started. This year, the use of latest drone technology was started in the work of top patrolling of transmission lines of the state, which will save human resources and the work of maintenance of lines will be quick and accurate. Reduction in specific oil consumption and heat rate in power generation - Power generation cost has the biggest impact on consumer electricity tariff. In the financial year 2019-20, the tripping in the units of the generating company's thermal power houses was very high, due to which the generation rate was high due to increase in oil consumption. By reviewing its monthly, the number of tripping has been reduced by 25 percent in the last two years. Apart from this, due to the continuous review of the quality of coal, a decrease of 0.65 percent has been reflected in the heat rate in the last two years. Due to this, a saving of Rs. 75 crores have been possible in the last two years. The state government has not purchased expensive foreign coal in thermal

power projects so that there is no increase in electricity rates. Customer Satisfaction exertions - Tripping has been reduced by 18 percent on ultra-high-pressure feeders and 6 percent on high tension feeders. Due to this, it has become possible to supply 14 percent more electricity to the consumers. Pole-based consumer indexing work has been started in the state, especially in urban areas, to solve the problem of false billing. Interaction with public - Feedback is being taken on the actual situation of power supply by discussing with 10 consumers every day in all distribution centres of the state. In this so far 25 lakh 94 thousand 404 consumers have been interacted with, in which the percentage of satisfaction is 98. In the adverse circumstances of Corona, a relief of about Rs. 1000 crore has been provided to all categories of electricity consumers. Bills worth Rs. 5334 crores have been waived off for 88 lakhs low-income consumers. Reduction in AT and C

losses of distribution companies -Aggregate Technical & Commercial losses (AT and C losses) of the state, which were 31.4% in the financial year 2019-20, reduced to 20.3% in the financial year 2021-22 due to the continuous exertions of the power distribution companies of the state and the support of the state government. This is less than the target of 33.84% set by the Government of India for the financial year 2021-22. Proposed new schemes -Establishment of a new unit of 660-megawatt capacity is proposed by Madhya Pradesh Power Generating Company at Amarkantak Thermal Power Station at a cost of Rs 4666 crore. In the smart meter scheme, about 23 lakh smart meters are proposed to be installed by the three distribution companies in the first phase. Under the Revamped Distribution Sector Scheme of the Ministry of Power, Government of India, the works of the three distribution companies of the state have been approved, the total cost of which

is Rs. 24 thousand 170 crores. The plan includes prepaid smart metering and system metering, works proposed for reduction of distribution losses and system strengthening and modernization. Ease of Doing Business -For high tension connections, the system of approval of connection on online payment has been implemented by receiving online applications. The number of documents required for power connection to industries has been reduced. Chartered electrical safety engineers have been authorised to assist the consumers by implementing the system of self-certification by the consumer, doing away with the requirement of charging permission for new electrical connections up to 33 KV and periodic inspection of existing installations up to 33 KV by the electrical inspectors. Charging permission from the electrical inspector for 132 KV and above power connections has been brought under the Public Service Guarantee Act. Various

electrical services provided to industries have also been brought under the Public Service Delivery Guarantee Act. Information technology provides facilities to electricity consumers - Smart electricity apps have been developed for the consumers for applying for new connections of high and low pressure, changing name, load usage, changing profile, bill payment and complaints, self-photo reading, meter relocation and permanent disconnection. Software has been developed for billing. By expanding the facility of photo meter reading through mobile app, the consumer has been given the facility to upload his reading himself along with the photo of the meter. The capacity of centralized call centres (1912) has been increased to redress complaints related to power supply in urban and rural areas. Feedback system is also in place for customer satisfaction. exertions are made to solve the problems by making personal contact with the unsatisfied consumers. Immediate action is being taken on

complaints received from newspapers, Twitter, Facebook and other social media. Top targets in Atmanirbhar Madhya Pradesh -2023 :The construction of sub-stations and lines under the Green Energy Corridor has been completed. To ensure grid stability for utilisation of renewable energy while fulfilling RPO obligations, construction of 12 ultra-high tension sub-stations and 46 related transmission lines has been completed in stipulated time. Priority to local manufacturing in material procurement - In order to encourage the local manufacturers of the state, it was decided that in the future, a minimum of 10 percent of the total material purchased should be purchased from local manufacturers.

# Mangroves: Nature's Coastal Guardians Thrive Despite Challenge

Prasar Khuntia

In the coastal regions of the world, there exists a remarkable force of nature, often overlooked but undeniably crucial - the mangroves. These resilient trees, gracing the harsh coastal landscapes with their unique beauty and unparalleled resilience, have long played the role of nature's unsung heroes. Mangroves, far more than just trees, act as the guardians of our coastlines. Thriving in the most challenging environments, these hardy plants take root in salty sediments, often submerged beneath the water's surface. They belong to diverse plant families, including Rhizophoraceae, Acanthaceae, Lythraceae, Combretaceae, and Arecaceae. The world's total mangrove cover spans a significant 150,000 square kilometers. Asia boasts the largest share

of these invaluable ecosystems, and within Asia, South Asia contributes a substantial 6.8% of the global mangrove cover. India, a prominent guardian, accounts for 45.8% of the total mangrove cover in South Asia. According to the India State of Forest Report 2019, India's mangrove

nation's rich biodiversity. Created by the convergence of the Brahmani and Baitarani river deltas, it holds significance as one of India's most significant Ramsar wetlands. The Godavari-Krishna mangroves, stretching from Odisha to Tamil Nadu, bear witness to India's coastal diversity,

roots feature tiny pores that allow oxygen to enter underground tissues, ensuring their survival in oxygen-deprived soils. Beyond their adaptations, mangroves play a vital role in ecological stabilization. They act as nature's soil builders, filtering pollutants and enriching

tapestry of the mangrove ecosystem teems with life, providing sanctuary and sustenance to a diverse array of creatures, including birds, fish, invertebrates, mammals, and plants. These unique habitats underscore their vital role in preserving biodiversity. Despite their importance, mangroves face

management. Organizations like the International Society for Mangrove Ecosystems (ISME) and initiatives like the Blue Carbon Initiative work tirelessly towards sustainable mangrove conservation. International Day for the Conservation of the Mangrove Ecosystem, celebrated on July 26,

cover encompasses 4,975 square kilometers, a mere 0.15% of the country's expansive land. Leading the way in mangrove preservation is West Bengal, closely followed by Gujarat and the Andaman Nicobar Islands. The Sundarbans in West Bengal, the largest mangrove forest globally, stands as a UNESCO World Heritage Site, home to iconic species such as the Royal Bengal tiger, Ganges dolphins, and Estuarine crocodiles. Bhitarkanika in Odisha, the second-largest mangrove forest in India, is a testament to the

as mangrove forests thrive in the deltas of the Ganges, Mahanadi, Krishna, Godavari, and the Cauvery rivers. Kerala's backwaters and Tamil Nadu's Pichavaram further emphasize the abundance of mangrove ecosystems. Mangroves, facing extreme conditions, have evolved remarkable adaptations for survival. They endure high salinity and low oxygen levels, a feat few other plants can match. Their secret lies in specialized roots known as "breathing roots" or pneumatophores. These

the land. Yet, their significance transcends these functions. When nature unleashes its fury in the form of cyclones, mangroves emerge as a formidable shield. Their dense root networks absorb the relentless force of cyclones, providing a crucial defense against devastation for coastal communities. Mangroves contribute to land accretion, stabilize mud banks, and mitigate the impact of strong winds, tides, and waves. Their intricate root systems serve as the blueprint for coastal resilience. The rich

unprecedented threats. Commercial activities, such as aquaculture, coastal development, and industrialization, encroach upon their habitats. Shrimp farming alone has contributed significantly to mangrove loss. Additionally, temperature fluctuations, soil challenges, and human interventions further endanger their existence. Efforts to conserve mangroves are paramount. UNESCO has recognized several sites as Biosphere Reserves and World Heritage sites to enhance knowledge and

raises awareness. Mangroves are more than picturesque coastal trees; they are lifelines for the environment and coastal communities. Recognizing their ecological significance and preserving these coastal guardians is not just a responsibility but a commitment to safeguarding our coastal populations and the rich tapestry of biodiversity they support. In mangroves, nature offers a resilient solution to the challenges posed by a changing world, one rooted in the beauty and resilience of the coast.

## Letter To Editor

Sir

The Nobel Prize 2023 in Physiology or Medicine has been awarded to Katalin Kariko and Drew Weissman for their discoveries that enabled the development of effective mRNA vaccines against Covid-19. They deserve the Nobel and the complete acknowledgement of the whole world as these two became true messiahs of mankind. At a time when the whole world shockingly froze to the onslaught of a deadly virus killing millions of people around the globe it was the great work of these two scientists that finally led to the developing of a vaccine that could control the virus and the rest is unforgettable history. Even though the virus that caused the deadly pandemic has not been completely eradicated the discovery made by the scientists is a kind of panacea that gives hope to mankind and an initiative to more discoveries that can completely put an end to such deadly viruses.

# India is moving ahead with FTA negotiations with large no. of nations to boost Export : MOS Anupriya Patel

**Kolkata (PARTHA ROY):** India is moving ahead with Free Trade Agreements (FTA) negotiations with large no. of nations to scale up Export to new heights said Minister of State Smt. Anupriya Patel, Ministry of Commerce, Government of India while addressing a large gathering of exporters in Export Excellence award ceremony organised by The Federation of Indian Export Organisations (FIEO) in Kolkata on 5th October 2023.

MOS Smt. Anupriya Patel highlighted Mortex (India) being granted Five Star Export House status for their export of Ferro Alloys globally in her address and Congratulated Mortex India which is functioning under astute and dynamic leadership of Shri Mahesh Kayal. Mortex India have successfully established itself as a major name in the field of Ferro Alloys, with a market presence in six continents of the world.

MOS Patel congratulated all other awardees who were honoured by FIEO. Smt. Anupriya Patel, said, "Overall exports were of \$776 billion in goods and services together and the Eastern Region made a contribution of \$29 billion. I feel that this clearly reflects the potential of the eastern region. There are immense opportunities

ahead of us. Today, we are going through an era where India is emerging as a global power. It is trying to be the third largest economy by 2030 and exporters have a massive role to play in this effort. We have to move fast as we aim to become a US \$ 5 Trillion economy in the next few years and achieve a developed country status before 2047. We need to supplement local and traditional products which are in abundance in the Eastern and North East Region."

Federation of Indian Export Organisations (FIEO), celebrated the exceptional achievements of exporters from Eastern and North Eastern India at the 7th & 8th FIEO Eastern Region Export Excellence Awards recognising and encouraging excellence in exports.

The Export Excellence Award ceremony was attended by Smt. Anupriya Patel who was Chief Guest, Ms Rowan Ainsworth, Consul General of Australia in Kolkata was Guest of Honour, Dr. A Sakthivel, President, FIEO, Shri. Yogesh Gupta, Regional Chairman, FIEO ER and Mr. Israr Ahmed, Vice-President, FIEO, distinguished officials from both Central and State governments, as well as Consul Generals, and leading exporters, representatives of

International Trade bodies.

The Export Excellence Awards were presented in various categories, including One/Two/Three/Four/Five Star Export House, Multi Product Groups (Non-Export Houses), and women entrepreneurs, honouring their remarkable contributions to India's export performance. These awards serve as a testament to the outstanding efforts and dedication of exporters in this region. FIEO's mission is to foster a conducive environment for export growth and facilitating India's global trade ambitions. The 7th & 8th FIEO Eastern Region Export Excellence Awards have not only recognised exporters from Eastern and North Eastern India but inspired exporters to reach even greater heights in international trade.

Ms Rowan Ainsworth said, "Indian and Australian relationship is thriving. Trade forms a very important part of that relationship, especially with ECTA (Economic Cooperation Trade Agreement). It provides great trade opportunities for both countries, but it is also strategically important. It provides the nations with secure supply chains, supports economic resilience post Covid and valuing

each other as trusted partners. Trade in accordance with international laws is driving innovation. It promises opportunities of prosperities.

Dr. A Sakthivel,

President, FIEO, said, "..... welcome all the award winners and congratulate them for their outstanding efforts shown during the turbulent period in global trade. They have

made the country proud through sheer dint of their hard work backed by meticulous planning.... The exceptional achievement by our Award Winners clearly

shows that when going gets tough, the tough gets going. Smt. Anupriya Patel's tenure as the MoS Commerce saw a remarkable growth of over 55% in the country's exports in 2 years, taking aggregate exports to US\$ 776 Bn in 2022-23. Under the dynamic leadership of Prime Minister Shri Narendra Modi, our exporters have risen up to the challenge and exhibited remarkable export performance. Recently signed FTAs with the UAE and Australia are expected to give a significant boost to exports to both countries and bilateral trade. Additionally, we are currently in the process of finalizing FTAs with the UK, EU and Israel with hopes of signing them within a year or so. Under the able leadership, Commerce Ministry put its mark on the G20 trade Ministerial meeting concluded in Jaipur championing the cause of MSMEs, pushing digitization of trade processes, inclusion of India in the resilient value chain." Shri. Yogesh Gupta, Regional Chairman, FIEO Eastern Region, said, ".....we are confident to achieve the milestone of US\$ 2 Trillion exports much before 2030."

Mr. Israr Ahmed, Vice-President, FIEO, said, "

..... FIEO Eastern Region collaborates closely with various state governments to identify export potential and offers support. We recognize the importance of global market access, technology-driven sectors, and sustainability in our long-term export strategy. Environmental and labor factors will play a crucial role in global trade, necessitating proactive measures. We aim to reach a \$2 trillion export target by 2030 and set an example for developing economies. ...." Export market is very dynamic and evolving and dependent on evolving geopolitical - economic - climate changes related issues.

FIEO is an ISO certified apex body of Indian export promotion organisations, jointly established by the Ministry of Commerce, Government of India, and private trade and industry in 1965. FIEO plays a crucial role in facilitating international trade for India by bridging the gap between the international trade community and various governments and industry stakeholders. FIEO is promoting exports in alignment with the vision of the Prime Minister and India's Foreign Trade Policy.

## NIT Warangal to celebrate its 65th Foundation Day on 10th October 2023 Dr. Komal Kapoor, Chairman and Chief Executive of Nuclear Fuel Complex to be the chief guest

**Warangal (KCN):** National Institute of Technology Warangal will be celebrating its 65th Institute Foundation Day on 10th October 2023. National Institute of Technology, Warangal, formerly

known as Regional Engineering College, was established in 1959. Pandit Jawaharlal Nehru laid the foundation stone for this institute on October 10, 1959, the first in the chain of 31 NITs

(formerly known as RECs) in the country. Dr. Komal Kapoor, Chairman and Chief Executive, Nuclear Fuel Complex, Hyderabad will grace the occasion as the Chief Guest. Dr Kapoor

was instrumental in manufacture and supply of a variety of seamless tubes for the strategic applications of department of atomic energy and of the departments of space and defence.

## Vice President Turns Poet To Counter Ashok Gehlot's Objections To Visits

**Laxmangarh (Rajasthan):** After Rajasthan Chief Minister Ashok Gehlot questioned Vice President Jagdeep Dhankhar over his frequent visits to the poll-bound state, the latter said that it is not right to drag a person holding a constitutional post unnecessarily into politics. In an apparent reply to

the Rajasthan chief minister, Mr Dhankhar said that there must be respect for constitutional positions. "Some people are saying why are you coming here again and again... I do not expect, people in authority to make statements in light of constitutional positions. This is not good for democracy. There must be respect

for constitutional positions and all of us in togetherness, hand in hand, in collaboration and coordination with a consensual approach, have to serve the people at large..." the Vice President said while addressing the students and faculty members of Mody University of Science and Technology in Laxmangarh. Rajasthan Chief

Minister Ashok Gehlot has lashed out at Vice President Jagdeep Dhankhar on several occasions over his frequent visits to the poll-bound state.

However, Mr Dhankhar further said, "It is our country, we all are servants of this country whatever be our position, right from the President down the line up to the chief minister. We must be very sensitive, we should not generate such a public perception that a person holding a constitutional post should be unnecessarily dragged into politics, it is not right."

Mr Dhankhar also recited a poem written by him, "Khata kya ki humne, pata hi nahi! Aapatti kyo hai unhe hamare ghar aane ki, pata hi nahi! Ye kaisa manzar hai, samjh se pare hai, Sawaliya

nishan kyo hai apne ghar aane me, Kya julm hai? Pata hi nahi!"

The poem refers to someone having a problem with him going to their home.

Addressing a programme in Jaipur, Mr Gehlot had said in September, "The Vice President is doing up-down (between Delhi and Rajasthan). Whether it is the Governor or the Vice President, we respect them... but elections are here." "Politicians should come but please do not send the Vice President, it is a Constitutional post. We respect the President and the Vice President. Yesterday the Vice President came and visited five districts. Is there any logic? It is election season. If you come now it will send all kinds of messages which is not good for democracy," he had said later.

## Kupwara To Be Connected With Rail Network Soon : Lieutenant Governor

**Kupwara, Jk (Aasif Malik):** Lieutenant Governor Manoj Sinha Friday said that Kupwara will be connected with rail network soon and in this regard the Union Railway Ministry has already sanctioned budget for survey of the rail line in the district.

"Union Railway Ministry has already sanctioned budget for survey of rail line for Kupwara district and after DPR is submitted, I hope the work on rail link project will be taken up and Kupwara will be connected with

rail network soon," Lieutenant Governor Manoj Sinha as per Media said while talking to reporters on the sidelines of a function held in Kupwara. LG said the Kupwara district has achieved milestones in last three years and the common man here is living a peaceful life. He said the district has witnessed huge infrastructural transformation in last few years including road connectivity, power supply, tourism augmentation etc. "As per census 2001 all villages of the district

have been connected to district headquarters while as according to census 2011 eight villages who are yet to be connected will also be addressed in coming times," LG Sinha said.

"Much has been done on power distribution and transmission part while as tourism in the district is rapidly increasing. Overall I can say 70 percent work has been done on infrastructural level. The district is scripting new era of development," Lieutenant Governor Manoj Sinha held.

# India in space: A journey beyond Earth

**Saikat Kumar Basu** Kolkata: Like previous years, this year too; Barisha Purbapara High School (Behala, Kolkata) has organized an outstanding science exhibition at the Atal Innovation Centre (ATC). The Atal Community Innovation Centers have been established across India to encourage and support the spirit of innovation, entrepreneurship and ingenuity in the undeserved/unserved regions of India by providing enabling infrastructure and facilitating environment

for innovation. The programme was organized by Barisha Purba Para Higher Secondary School (Behala, Kolkata) on September 29 (Friday). The theme of the science exhibition has been India in space; A journey beyond Earth. Students prepared models both working and non working. But the concept was

excellent and other schools namely Barisha Girls Uchha Balika Vidyalaya, Baidyapara High School, Vivekananda Girls High School and West Barisha Kamala Bidyamandir. Models of Pragyan Rover, Vikram Lander, Chandrayan 3 models were displayed designed by the participating students. The intricate mechanism, functioning, designs, robotics and AI aspects of the displayed models were very elegantly described by the

participating students. Barisha Vivekananda High School made the model of Vikram lander. Baidyapara High School displayed their intricate Chandrayan 3 model.

They were awarded the third prize for their unique model design and excellent demonstrations. The second prize went to Barisha Uchya Balika

Vidyalay for their outstanding model of Vikram Lander and Chandrayan 3. The Barisha Purbo Para High School clinched the first place in

innovative model design for their monumental rocket designs for Pragyan River, Vikram Lander and Chandrayan 3 models designed and described in the public competition. The program was well attended by students and teachers from the locality. Patents and guardians of the participating school graced the occasion through their wide participation and encouragement to the students. The science exhibition was inaugurated by Dr.

Subhobroto Roy Chowdhury, the General Secretary of the Science Association of Bengal (SAB), Kolkata. The prizes and awards were handed by Dr. Roy Chowdhury, the Guest of Honour and the President. The headmaster of the organizing school, Mr. Manas Kumar Pati did an excellent job in organizing and facilitating the program which ended with a grand success and inspiration for students to do more in the not so distant future.

## OAVs Get Smart Classes

**Bhubaneswar(KCN):** As part of its 5T initiative, the State Government has decided to set up smart classrooms in all Odisha Adarsha Vidyalayas (OAVs) to enhance the quality of education as par with the private English medium schools. Odisha Adarsha Vidyalaya Sangathan (OAVS) under Department of School & Mass Education is going to implement 2250 smart classrooms for enhancing the teaching learning process. The focus is on enhanced interactivity in a

classroom using Information and Communication Technologies (ICTs) on multimedia-based content resources platform known as Smart Classrooms are technology enhanced classrooms that encourage opportunities for teaching and learning by integrating technology solutions to enable educators to develop and share content in real-time/off-line, and empower student to play an active role in learning, sources said. Similarly, the State Government has also

decided to implement the CCTV surveillance system at 199 schools of Odisha Adarsha Vidyalaya Sangathan (OAVS) soon. To enhance the safety and security of the students, the Department has decided to provide CCTV surveillance in the schools, sources said. In June this year, Chief Minister Naveen Patnaik had inaugurated 13 academic and 28 hostel buildings and laid foundation for 276 hostels of OAV Sangathan. He had said that Odisha Adarsha Vidyalayas (OAVs)

would transform into centres of excellence (CoEs) in the coming days. Odisha Adarsha Vidyalaya Sangathan (OAVS), a society under Society Registration Act 1860 of Odisha, under the Vidyalaya and Mass Education Department of Government of Odisha was established on September 19, 2015. This ambitious project of the Government of Odisha, aims to establish English Medium Vidyalayas with CBSE affiliation and with state of art building with all amenities at each of the 314 blocks of the State.

## Atmosphere Announces India Entry

**New Delhi(KCN):** Atmosphere Core, an acclaimed hospitality company, kicks off its spectacular India entry, aiming at heralding a paradigm shift in the Indian hospitality landscape through unique and unforgettable experiences. Leveraging on its award-winning resort experiences in the Maldives, the company looks at delivering on the values of Anticipating, Crafting, and Elevating the guest journey at the distinctive new properties coming up in India. ## CFA Institute in India Expands Student Accessibility with a New Exam Center in Bhubaneswar

**Bhubaneswar :** CFA Institute, the professional body for excellence and thought leadership in finance, has opened registrations for their upcoming February 2023 intake. Additionally, with the rising demand to increase candidate accessibility and convenience, the institute will have 4 new exam centers in Kochi, Chandigarh, Bhubaneshwar and Guwahati for the CFA Program. These centers will take the total number of test center cities for the CFA exam to 16 across India and over 400 worldwide.

The recent CFA Institute Investor Trust survey showed that Indians place a high level of trust on the potential growth in job opportunities in the financial services sector. However, In the post-pandemic era, students as

well as professionals are prioritizing safety, accessibility and ease of travel while accomplishing their life and career goals. Ease of accessibility to exam centers is expected to improve a candidate journey through the program and reduce costs associated with travelling to take exams.

The CFA Charter continues to be the global gold standard for professionals aspiring to work in the investment management industry. We constantly work to make the CFA Program affordable, accessible, meritocratic and relevant. During the pandemic we moved our examinations to Computer Based Testing from Paper Based Exams and started offering examinations four times in a year. By expanding of our test center

network, we are taking one more step to bring the CFA Program within the reach of aspiring professionals and students in India.” Said Arati Porwal, Director Society Relations at CFA Institute in India.

India has a robust banking, insurance and investment industry It has a diversified financial sector undergoing rapid expansion, both in terms of strong growth of existing financial services firms and new entities entering the market. With such rapid expansion, there is a growing demand for professionals with relevant competencies and high standards of ethics. The CFA Institute works closely with the industry and regulators to support an inclusive and secure financial services industry in India.

## Experience the best-in-class customer services at 11 new Alpha Service Centers across India

**Bhubaneswar :** Sony India is expanding its Alpha Service Network across 11 cities in India including Mumbai, Coimbatore, Jaipur, Pune, Hyderabad, Ahmedabad, Trivandrum, Chennai, Indore, Bhubaneshwar and Guwahati. This is expansion for Alpha Camera body and lens repairs facilities is a testament to the brand's continued dedication to customer satisfaction. Sony now has the widest service network of after sales support for Digital Imaging products with 8 service centers for lens repairs,18 service centers for Alpha Camera Body repair, 40+ service centers which can offer basic services like CCD

Imager cleaning and firmware updates and 220+ collection centers pan India.

The service centers are equipped with necessary jigs and tools to deliver best quality repair of Alpha camera body, Camera Lens, Professional Cameras and other digital imaging products like Digital Still Cameras and Camcorders. Customers can also avail instant services for basic supports like CCD Imager cleaning and getting the latest firmware update to enjoy best performance from their products. The friendly customer care staff at these service centers will help customers to register their in-warranty products on

Sony Alpha Community portal to enable them avail free of cost additional one year warranty on applicable products.

Speaking on the occasion, Mr. Mukesh Srivastava, Head of Digital Imaging Business at Sony India, said, “By supporting and assisting partners in local markets, Sony aims to ensure customers receive exceptional service and satisfaction along with quicker and faster turnaround at all outlets across the country. The new service centers will offer customers a seamless experience across multiple touch-points to provide a consistent brand experience that surpasses expectations.”

## ATLAS OF AFFLUENCE - INDIA'S FIRST EVER WHITE PAPER ON LUXURY LAUNCHED AS A YEARLY FEATURE

**Mumbai:** Amidst leading luminaries of industries spanning across the business of luxury, the Atlas of Affluence (AOA) 2022 has been launched in Mumbai. Created by The Voice of Fashion (TVOF), a division of Reliance Brands Limited, the daily digital magazine that tracks and leads conversations on Indian fashion, design, crafts and retail, AOA 2022, is

the first such wide and deep white paper from India that dissects consumer behaviour studied through the prism of luxury. A collective reflection on what affluence means in India spiked during the two years of the pandemic. Charting the post-pandemic market and the clearly altered consumer mindset through a specially commissioned study

across six cities and markets of India, AOA 2022 has been published as a book with exclusively commissioned artworks. This study uses the time graph of “pre-pandemic” and “post-pandemic” months to specify a comparative matrix. It also helps debunk long-held ideas about what affluence and luxury have meant to Indians.

## SBI now offers Real Time Xpress Credit on YONO app

**Mumbai :** With an aim to digitally empower customers and offer additional convenience, the country’s largest lender, State Bank of India (SBI) has announced the introduction of Real Time Xpress Credit (RTXC) on YONO. The bank’s flagship personal loan product for salaried customers – Xpress Credit has a Digital Avatar now. Customers can now avail RTXC from the comfort of their homes through YONO – which is going to be 100% paperless and digital. The end-to-end 8 step journey would be easy and instant for the customers.

Under Real Time Xpress Credit, Central/ State Government and Defence salaried customers of SBI will no longer be required to visit the branch for availing a personal loan. The credit checks, eligibility, sanction & documentation will now be done digitally in real-time.

Shri Dinesh Khara, Chairman, SBI said, “We are pleased to introduce Real Time Xpress Credit (RTXC) Loan facility for our eligible salaried customers on YONO. The Xpress Credit product will enable our customers to experience adigital, hassle-free, and paperless loan process. We at SBI constantly endeavour to offer technology-led enhanced digital banking experience to the customers in order to simplify banking.” The digitalization of Xpress Credit delivery will also help the bank to do away with the need to handle and store enormous paperwork.

## Blenders Pride Fashion Nights arrives in Bhubaneswar

**Bhubaneswar :** Blenders Pride Fashion Nights, a unique travelling experiential property, arrived in the City of Temples – Bhubaneswar – celebrating the authentic spirit of the city through fashion and style. A spirit that echoes with Pride and inspires the creators of today to become icons of tomorrow. Bhubaneswar’s ‘Made of Artistic Flair’ edition for Blenders Pride Fashion Nights, brought together an eclectic evening that blended fashion, culture and dance, celebrating a symbolic amalgamation of homegrown artistry and the unwavering spirit of local talent.

Exemplifying the region’s signature weave through a curated evening at the majestic Vivanta, Bhubaneswar, DC Square was Odia designer Sabyasachi Satpathy, whose intricately crafted ensembles drew inspiration from the multicultural city and its colourful history. In a true celebration of Odisha’s distinct and masterful craftsmanship, the show was elevated with a captivating performance by the Prince Dance Group– from the small Odisha town of Berhampur – widely lauded for their artistry. The show drew to a finale with none other than actor Diana Penty, who captivated the audience in a beautiful ensemble by the designer. The “Made of Artistic Flair” edition of Blenders Pride Fashion Nights was a beautiful embodiment of the rich craft and cultural heritage of the city in a modern and contemporary setting.

Taking us on a ‘Jatra’ – The Journey of a Young Woman – the show encapsulated the journey of a woman from post adolescence to her nuptials, navigating the various challenges, trials and significant moments that come her way. The enigmatic journey was captured through the array of colours and textiles that Odisha Bandha/Ikkat offers. Truly encapsulating the spirit of ‘Made of Pride’, the designer made use of Odisha weave, which is sustainable, hand-woven, organic and a homegrown initiative of design, painstakingly woven by the weavers of Odisha. The upbeat set was a composition designed to narrate the spirit of Bhubaneswar along with the flair of the designer. The evening was attended by the city’s A-listers & influencers. The fashion walk truly left the guests mesmerized and engaged.

Through this unique showcase of Pride encompassing diverse talent across creative fields, Blenders Pride Fashion Nights 2022, encourages everyone, especially youth at large to celebrate & take pride in their authentic and individual journeys. The evening spotlighted individuals who take Pride in their choices, are comfortable in their skin and, most importantly, embrace their authentic selves – truly living a life that is ‘Made of Pride’.

## MCL to provide 50 e-rickshaws to divyang in Sambalpur

**Sambalpur, (KCN) :** Mahanadi Coalfields Limited (MCL) will provide e-rickshaws to 50 ‘divyang’ people in Sambalpur district of Odisha, under its CSR project “Saksham” which offers livelihood opportunities to the needy.

As per memorandum of understanding (MoU) signed on Thursday with the Sambalpur

Administration in this regard, MCL will provide financial assistance to the District Administration, Sambalpur for procurement of 50 E-Rickshaw to be allotted to ‘divyang’ people of district Sambalpur. Besides generating sustainable self-employment to needy divyang, this CSR initiative will also

promote green and clean environment by encouraging electric transport. On behalf of MCL, the MoU was signed by Shri Rajanikanta Panigrahi, General Manager (CSR) while Shri Madanjit Hota, District Social Security Officer (DSSO), Sambalpur signed on behalf of the district administration.

## realme launches the Stylish realmenarzo 60 Series 5G and the revolutionary realme Buds Wireless 3

Therealme Buds Wireless 3 will be available on realme.com, amazon.in, flipkart.in and offline stores near you.

## Jindal Stainless signs MoU with SCTEVT, Odisha to train future-ready stainless steel professionals

**Bhubaneswar:** Odisha’s State Council for Technical Education & Vocational Training (SCTEVT) today signed a Memorandum of Understanding (MoU) with Jindal Stainless to promote technical education in the field of stainless steel and its various applications. Under this MoU, stainless steel courses will be introduced in all the Polytechnic colleges in Odisha from June 2022. The MoU was signed by Vice Chairman,

SCTE&VT, Shri Reghu G (IAS) and Unit Head, Jindal Stainless Limited (JSL), Shri Deepak Agrawal. Dignitaries present at the ceremony included Chairman, SCTE&VT and Principal Secretary to Government, SDTE and Industries Departments, Shri Hemant Sharma (IAS) said, “This collaboration with Jindal Stainless will enhance the learning experience for students and faculty both, as it will give them insights about and practical exposure to the stainless steel industry.

Upadhyay, and General Manager, Sales & Distribution, Mr Ranit Rana.

Commending the development, Chairman, SCTEV&T and Principal Secretary to Government, SDTE and Industries Departments, Shri Hemant Sharma (IAS) said, “This collaboration with Jindal Stainless will enhance the learning experience for students and faculty both, as it will give them insights about and practical exposure to the stainless steel industry.

## NSDL launches “Market ka Eklavya- Express” in 75 cities to mark 75 years of Independence

**Mumbai:** India’s largest depository, National Securities Depository Limited (NSDL) launched ‘Market ka Eklavya– Express’, an online investment awareness program for students that will be conducted in 8 different languages including Hindi. The program would serve as a beginner’s guide for investing for the youth.

To mark the significance of Azadi Ka Amrit Mahotsav, an

initiative of Government of India to celebrate 75 years of independence and the glorious history of our people, culture and achievements, NSDL has launched a new initiative towards investor awareness ‘Market Ka Eklavya - Express’ across 75 cities, especially aimed at the college students who would very soon be entering the phase where they would start earning and naturally,

look for avenues of investment.

Earlier this month, Market ka Eklavya (5-hours program) was launched by the hon’ble Finance Minister of India, Smt. Nirmala Sitharaman at the silver jubilee event of NSDL.

On the launch of the initiative Ms. Padmaja Chunduru, MD & CEO, NSDL said, "Azadi Ka Amrit Mahotsav is a special initiative launched by

our Prime Minister to celebrate and commemorate 75 years of India's Independence. Our program has been particularly aimed to create awareness about the financial markets to the young minds who will be the future of our country. In this Amrit Kaal, our digital education initiative focuses on building a path towards Financial Freedom for our youth, symbolizing the spirit of

Atmanirbhar Bharat.”

Students across India will benefit from this program as it does not restrict to just an area of the population. The program will be conducted for 1 hour and mainly educate the students on demystifying the jargons, 3I’s – types of Income; Inflation and its impact, types of Investment; 3S – Start early- Power of Compounding, Spread wide, Stay long etc.

# Simons' plan for reducing runs to rupees relies on preparation

**New Delhi:** Sachin Tendulkar isn't among the people you expect to see at a bus stop in downtown Mumbai. But there he was on Thursday (October 5), smiling brightly from the sidelines of the vast tangle of anything on wheels and anyone on foot that starts before dawn and continues long after dusk on the streets of one of the world's most bustling cities. A younger, leaner, more carefully coiffed Tendulkar, that is, who beamed into a hot and humid afternoon from a poster stuck to the wall of the bus shelter. Whatever he was advertising mattered less than the message the sight of him conveyed: you're in India, where cricket's preferred currency isn't the rupee but runs. Near the airport a giant billboard starring an impossibly suave Virat Kohli suggested much the same: here, of all places, bat properly if you want to stay in the game. If two of cricket's finest batters say so who could possibly argue? The point was proved by England's flaccid batting in the opening match of the men's World Cup in Ahmedabad on Thursday - and, more forcefully, by the Kiwis' furious response at the crease. But what if you're the person responsible for turning opponents' runs into rupees? In South Africa's dressingroom that buck stops with Eric Simons, their bowling coach, who told a press conference in Delhi, where his charges begin their campaign against Sri Lanka on Saturday, "I think we're going to see a high-scoring tournament and good pitches. You're going to need every cog in your machine working well when it comes to bowling." And if some of the key cogs are in for repairs? South Africa's challenge, and by extension Simons', is how to get the machine to deliver the kind of performance it might have been capable of had Anrich Nortje and Sisanda Magala not been forced out of the tournament with back and knee problems. Magala's 19.07 is South

Africa's lowest average for ODIs in 2023 and he has the best strike rate, 18.00. But on this bombastic stage the loss of Nortje's aggression, which bristles as blatantly as his cartoon moustache, seems the bigger blow. "One of things Anrich brings is intimidation. I've sat in I don't know how

and is more seasoned than the other quicks in the squad, get to work on his own moustache?" He's one of our key members," Simons said. "He has a lot of experience and he's someone the opposition respects. Getting him bowling at his best is not just important for him but for us as well." Nudging Rabada to that point will be a significant subplot in South Africa's bid for glory. From his Test debut in November 2015 only Stuart Broad has taken more wickets among fast bowlers in the format - nine more, and Broad sent down 756.1 more overs than Rabada. Trent Boult is the only ODI pace bowling wicket-taker ahead of Rabada during the South African's career. Measured from Rabada's first ODI in July 2015, Boult has claimed eight more wickets. But he has bowled 69.4 fewer overs than Rabada. It will seem an overly subtle, nit-picky distinction but it serves to parse Rabada the supreme Test bowler from his slightly more mortal ODI self. He has played in only one ODI World Cup - in 2019, when South Africa crashed to their worst performance in the tournament by losing five of their eight completed games. So Rabada's ordinary return in the event of 11 wickets from 78 overs at 36.09 must be seen in that context. It doesn't define him. "Kagiso wants to be the best he can possibly be," Simons said. "It's every game, every practice, and every time we talk. We had a long conversation, him and I, about tactics to be used at the death in India. It's constant movement and learning, and every day being better than yesterday." Simons enjoys getting granular with the detail: "This is a World Cup, but the more we focus on the fact that there's a match on Saturday, and it's going to be 300 balls, and you're going to bowl however many overs, and break it down to this moment rather than what happened in the past and what might happen in the future, the better it is."

## "Labuschagne pretty much a lock-in in the top-four" - McDonald

**New Delhi:** Marnus Labuschagne came in as a last-minute replacement during Australia's ODI series against South Africa, subbing in for Cameron Green in the first ODI as a concussion substitute. Nevertheless, his performances since then have been such that Labuschagne, who was not part of the preliminary squad for the World Cup, will now find his name among the first entries in the Australia XI during the competition in India. Labuschagne scored 80 not out and 124 in the two wins Australia managed in South Africa before losing three on the trot, while he also found form in India in the Rajkot ODI, which his side won after losing the first two matches. Speaking about Labuschagne's role in the scheme of things for the World Cup, head coach Andrew McDonald said he is "pretty much a lock

in" among the Australian top four. "It's been a really good return after being dropped and not included in that South African squad. We were pretty clear on the way that we felt Marn needed to play to fit into the team. He went away and worked on that," said McDonald. "I think he may have elaborated on that several days ago where he's gone away. He's had a think about it, he's come back, and he's come back a different player. There's no doubt

over an extended period of time, prior to his dropping, he wasn't doing that. "He was getting that information. And as I said full credit to him. He's gone away and worked on his game and it's a great story. If you're looking for whether he's a certain starter; if he's not in your team, I don't know who else you're gonna put in there. So I think he's pretty much a lock-in in that top four and how we structure up is the final question that we need to answer." Australia, meanwhile, have a concern in the form of Marcus Stonis's availability for the opening game, with the all-rounder nursing a hamstring complaint. Adam Zampa, meanwhile, is good to go, said McDonald, after the legspinner had pulled up sore earlier. "Zampa is not as big of a concern. His is more workload management. He did pull up sore from

## Shubman Gill doubtful starter for India's World Cup opener

**New Delhi:** Shubman Gill is down and could be out for a few days, if not longer. A team official said he is under the weather. Whether he will be able to play India's first game, against Australia, on October 8 is still not decided. Reports emerged on Friday (October 6) that the opener is suffering from dengue but the exact nature of Gill's health concern could not exactly be confirmed. A team official had this to say to Cricbuzz: "He's under the weather, the medical team is closely monitoring him. We are hoping he gets better soon." In a rich vein of form, Gill had been rested for the third and final game of the recently-concluded bilateral ODI series against Australia, having scored 74 and 104 in the first-two matches. Both of India's official World Cup

# We want to make the semifinals - Bas de Leede

**New Delhi:** "We want to make the semifinals," Bas de Leede announced on Thursday, a day ahead of their opening World Cup encounter against Pakistan, in Hyderabad. It's a fair proclamation even if slightly ambitious for a team that has made it to the tournament through the qualifier route. But it's not just that. What makes the challenge more daunting is that after having finished as the second best side in the qualifier four months ago, they've not had a single international assignment. The Netherlands men's team has been in India for nearly a month now, trying to get some match practice more than just acquaint themselves with the conditions. Barring a couple of practice game against the Karnataka state team, there hasn't been much gametime for the team. Even the two warm-up games they were assigned got

the big teams. But that's (semifinals) our main target. And if we get there, we play our best cricket. Amazing. But if we play our best cricket and we don't get there, I

is winning the World Cup. I think for us, obviously it's special being back for the first time since 2011, but we've set our goal high which is making the semifinal and I don't think if we don't make it, we're a failure or anything like that. I think if we don't make it, but we have played our best cricket, we can still be proud of ourselves. But by setting the goal to make the semi-final, I think we can probably do more than what people expect from us. So yeah, I think it's a mixture of having nothing to lose, but also trying to perform at our best again after 12 years." Their challenge kickstarts against Pakistan on Friday at a venue where their opposition has already the experience of playing two warm-up games (even though they were defeated in both). It is also a side that Netherlands had run close last year at home. However, de Leede is expecting a tougher challenge from Babar Azam's team in their world cup opener. "I think the experience of the whole Super League, having played against bigger nations, was fantastic for us. And obviously, Pakistan, having played them last year in Rotterdam in three ODIs, it'll be nice to sort of be familiar with the team and the players and stuff, having played them before. I think that will help us a little bit. But obviously, you know, they've evolved. They've gotten better. They've got different skills now as well, even with Shaheen [Afridi] coming back, who didn't play that series. So, it's nice to have played them before. But yeah, obviously, we still make our plans accordingly."
